Cherry-torial

Cherry Comics is the self-publishing imprint of Underground Comix legend Larry Welz and his wife and partner Sharon Welz. Larry is notorious as the creator of **Cherry**, one of the most popular and successful characters in Underground/Adult/Alternative comic books. The adventures of **Cherry** and her sexually liberated friends have been available in print or on merchandise continuously since 1982, and have been translated and published overseas. Under the imprint **Bananaland** Arts, the Welzes also publish their brand-new mini-series **The Bird**, a brilliant and scathing satire of the comics industry which does for ultraviolence what **Cherry** does for sex!

Part of the first wave of Alternative cartoonists in the Sixties, Larry was sole creator of **Captain Guts** 1-3, and has contributed to many other titles, including **Yellow Dog, American Flyer Funnies, Funnybook, Monolith, Bakersfield Kountry Komics, Slow Death Funnies, Weird Smut Comics, Rip-Off Comics**, and **One-Fisted Tales.**

Cherry is available at finer comics retailers worldwide and through fine distributors Diamond, Bud Plant, Last Gasp, Syco, and others. If you don't live near a store that carries our books, you can order from us directly. Issues currently available or soon to be reprinted are **Cherry** 1-19, **Cherry's Jubilee** 1-4, **The Cherry Collection** 1-4, and **The Bird** 1 & 2. To the Creative Powers That Be,

I recently picked up Cherry's Jubilee #1. I had heard that it was bringing in new talent to do their own stories in their styles with Cherry. As a member of the Cherry faithful I found this kind of like messing with perfection and wasn't too keen on the idea.

I went down to a local comic store and was pleasantly surprised by the cover. I read the feminist story which was drawn by the great Cherry-god Larry Welz but was written by Gerard Jones and was rolling! I thought it was hilarious! I loved seeing those militant feminists getting off of it in more ways than one! The pin-ups from various artists was a nice touch. I especially likes Dave Warren's of Cherry in lingerie. I also thought "A Fistful of Cherry" was pretty funny. Kudos to Dan Fogel and Greg Espinoza

However, the "Double Your Trouble" story was sort of lacking. I liked Chuck Austen's artwork and some of the dialogue but thought the story was poorly done. Also, Ellie's parents were just not how I would've pictured them; I think they probably should have been a little more science-geek like.

The last thing that I really liked was the masturbation page that was done by Welz and Fogel. I showed it to a couple of people and they died of laughter! In closing, I'd like to add that I shouldn't have doubted the new title because perfection just can't be fucked up when you have that much talent at your disposal!

Choirboy, East Bumfukk,NY

Thanks for your constructive criticism mixed with blatant ass-kissing! Your letter was fairly typical in that doubts were dispelled once the nature of this book was self-evedent. Larry & Sharon Welz and I love the diverse yet faithful interpretations of our wacky cast by our ever-changing cast of freelancers. I cut out your "Masturbation Glossary" suggestions from your letter because they were good and we may use them in the future. So, readers, keep sending 'em in!

When I Think About You I Touch Myself,

Like many smart, young, single ladies to-day, our enterprising girl Cherrie works in an office so that she can support her humble Ma and Pa. Until she lands a rich husband, that is! She has many friends at the fashion salon, especially her ardent yet goofy-looking suitor Weedy, the office boy. He pesters her constantly. Oh, the things a modern girl stenographer must put up with!

A typical work day for the Modern Girl!

"Cherrie, could you step into my office for some shorthand dictation? There's a good girl!" Cherrie rushed in right away, because she knows how important it is to please her boss! She throws herself head-first into her work, because not only is Quintan Quim simply dreamy, but she hopes he'll marry her some day! Jealous, hapless Weedy is left to his own devices.

Cherrie's a whiz at dictation!

Sister, I'm gonna reward you for a good day's work! To-night we're gonna paint this ritzy burg red, so be ready after supper and I'll bring my flivver around and pick you up. Later, doll-face!"And with that Cherrie's dashing young boss sped out the door.Later, at a plain, unassuming door in an alleyway, the doorman asked for the "password." "Twenty three skidoo!" eJaculateda breathless Quintan, and they came in.

"Twenty-three skidoo!" eJaculated Quintan!

Say, this is a speakeasy!" chirped Cherrie as she looked around at all the fashionable people enjoying themselves. "Won't we getinto trouble?" "Relax, baby!This joint has everyone who's anyone! Let's loosen up and have some fun!" was her escort's reply. Soon enough, young Cherrie was swept up into the whirl of social intercourse like she was an old pro. "Hotcha-cha! This is th' berries!" she cooed, sampling the imported bubbly.

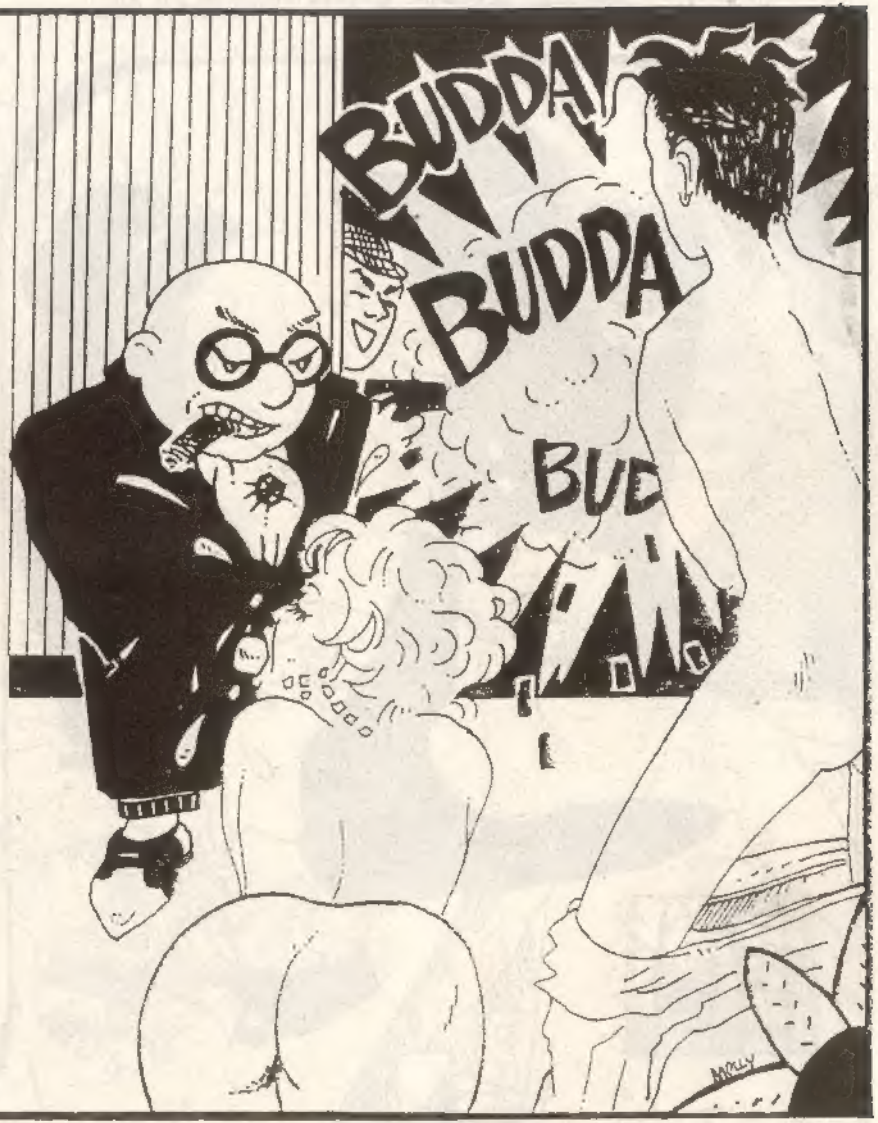
"Hotcha-cha! This is th' berries!"

All of a sudden, the back door slammed in and who should enter but Weedy, in his alternate identity of Al Bigbone, Crime Boss of the East, West, and Northside Mobs!

"Quim, ya lousy bum! I'm sicka ya cuttin' in on my time with Cherrie! Russ, mow 'im down!" he snarled. The leviathan stooge complied with alacrity.

"Oh, dear!" mewled our plucky heroine. "Now I'm out of a job!"

"Buck up, kid! You just got a promotion. I'm taking over, see?" barked her new boss as they sealed the deal with a kiss.



Cherrie moves up the corporate ladder.

ust then, a whistle blows and the front door smashes In as Gotham's Finest arrive too late to save poor Quintan but in the nick of time to apprehend the wicked criminals! "Rats!" growled Weedy as he and his henchman were rounded up. "Nertz! I'm outta a Job again!" breathed Cherrie. "Don't worry, gorgeous!" cracked the Chief as he pocketed a bribe from the club owner, "Sure an we'll be needin' a new secretary down at th' station. Ye can start right away!"

And she did!
